PERSONAL PROFILE

I've been involved in web design for a few years but it's only recently that I have been able to pursue it as a career. Being creative is my passion and web design/development more than my other interests suits my natural ability. I am seeking challenging projects in web design. I consider myself capable of implementing a web site from start to finish, using my own initiative, experience and resources and delivering top class results.

TECHNOLOGIES AND SOFTWARE

Competent:

XHTML, CSS, Image manipulation, Flash design, SEO & W3C standards

Adobe (Flash, Dreamweaver, Fireworks, Photoshop), Microsoft (All Office Packages)

Some experience:

Javascript, Actionscript, C#.NET

EXAMPLES OF MY WORK

• Content management systems:

www.graffiti-breakz.co.uk

Joomla based content management system I designed for the promotion of a bi-monthly music event. The site includes: mailing list manager, flash mp3 player, flash driven image catalogues, backend login and update content.
